Matt has 20 years' experience in functional leadership, corporate management and executive roles and brings a unique blend of commercial, operational and functional experience to assist in the corporate implementation of InterSafe thinking. Matt's roles have spanned many private, public and Not for Profit sectors specialising in construction, mining, and engineering industries. Matt has held senior, corporate, executive and board positions in leading support roles for first and second tier international organisations spanning across Asia, Europe, North America, and Africa.

Matt will assist our clients with corporate coaching/mentoring, assistance with implementation strategies and cultural alignment services that are integrated with the InterSafe methodology and philosophies.

Matt's key skills include:

- Leading the change and cultural alignment stages in restructures, acquisitions, and growth periods.
- Management of change programs including safety cultural change.
- Auditing and ensuring corporate governance, management and functional services.
- Coaching and mentoring leadership teams.
- Raising the performance capability of organisations, by designing and leading leadership change approaches with the focus on developing high performing support functions.
- Delivering increased organisational growth, cost savings and profitability, improving tender win rates, growing client/regulator relationships, and gaining industry recognition for safety performance improvement and innovation.

Matt specialises in consulting deep into organisations to bring core knowledge and recommendations to the top tables, which is required for aligning the people and systems of the business and to drive change in line with commercial, functional, and safety strategic initiatives.

Who is InterSafe?

InterSafe specialises in incident investigation to Engineer Safer Workplace Solutions. InterSafe has assisted our clients in effectively controlling the future through preparation of more than 10,000 comprehensive incident reports (dealing mostly with fatal/permanently disabling occurrences) throughout 60 years of collective experience.

This experience has led to a unique way of thinking about, investigating and preventing incidents. InterSafe shares these powerful and effective investigation models and techniques through a range of courses and services.
