PROFESSIONAL QUALIFICATIONS

2003 Bachelor of Engineering (Mechanical) (Hons),
University of Newcastle

PROFESSIONAL MEMBERSHIPS

- Member of the Institution of Engineers Australia (MIEAust)

Scott has previously worked as a Mechanical Engineer within a major EPCM company, with project and design experience in the aluminium, coal and steel industries in particular. Since joining InterSafe in 2010, Scott's experience has expanded to include risk management, health and safety and incident investigation including motor vehicle accidents.

Scott's work at InterSafe includes:

- Investigating incidents and preparing over 100 expert reports for the legal profession as well as appearing in court as an expert witness
- Delivering training in incident investigation, risk management and hazard awareness to all levels of companies
- Performing audits and risk assessments on individual pieces of equipment
- Conducting incident investigations for national companies, including vehicle-related incidents
- Facilitating workplace interviews for clients to identify and understand tasks of elevated risk exposure
- Analysing industry and organisational incident data
- Carrying out slip tests on various objects and surfaces

InterSafe has worked for various government organisations as well as multinational, national and local organisations in the private sector in the following industries:

- Mining
- Construction
- Oil & gas
- Manufacturing
- Electricity, Gas and Water
- Telecommunications
- Professional, Scientific and Technical Services
- Accommodation and Food Services
- Agriculture
- Health Care
- Transport and Storage
- Property Management
- Retail and Wholesale Trade
- Arts and Recreation

Who is InterSafe?

InterSafe specialises in incident investigation to Engineer Safer Workplace Solutions. InterSafe has assisted our clients in effectively controlling the future through preparation of more than 10,000 comprehensive incident reports (dealing mostly with fatal/permanently disabling occurrences) throughout 60 years of collective experience.

This experience has led to a unique way of thinking about, investigating and preventing incidents. InterSafe shares these powerful and effective investigation models and techniques through a range of courses and services.
